

Community Reinvestment Act (CRA) Policy Statement

Atlantic Union Bank is committed to serving the credit needs of the communities in which it does business. In an effort to identify those communities, including low and moderate income neighborhoods and in compliance with the CRA, Atlantic Union Bank delineates the identified communities in the CRA assessment areas, which is included with this policy statement (*CRA Assessment Area*, pages 2-4). Maps reflecting the boundaries of these assessment areas are also made part of this CRA statement (*Delineated Assessment Area*, page 5). Community delineation is solely for the purpose of complying with federal law and should in no way be interpreted to exclude any potential customer or group of customers.

Atlantic Union Bank's assessment area may not and does not reflect illegal discrimination and does not arbitrarily exclude any low or moderate income areas. People who work in or have a business or economic interest in the community are also deemed to be customers, regardless of their place of domicile. Atlantic Union Bank will meet its continuing and affirmative obligations to serve the credit needs of the community and will ensure its efforts are consistent with safe and sound operations.

Atlantic Union Bank will do its best to understand the communities it serves and identify needs for credit services. Within the applicable resources of the bank, special effort and consideration will be given to responding to the needs of small businesses, small farms and low to moderate borrowers to better meet the needs of the entire communities and in turn achieve a positive CRA performance assessment.

The Community Reinvestment Act touches all areas of Atlantic Union Bank, with specific focus in retail banking, lending, operations, funds management, and compliance areas of the bank. These areas, in conjunction with senior management, must take into consideration the stipulations of CRA in ensuring that the following activities meet the CRA guidelines:

- ▲ Lending
- ▲ Retail banking services
- ▲ Investments in community development grants
