

Community Reinvestment Act Policy Statement

It is the policy of Atlantic Union Bank and affiliates to adhere to the Community Reinvestment Act (CRA) within the scope of its resources and in a safe and sound manner. Atlantic Union Bank takes into consideration the credit needs of the entire community in its lending, service and investment activities.

Atlantic Union Bank is committed to serving the credit needs of the communities we serve, including low and moderate income neighborhoods and in compliance with the Community Reinvestment Act (CRA), we, hereby, delineate our community to be in the areas of our CRA assessment area which can be found in the CRA Public File. Community delineation is solely for the purpose of complying with federal law and should in no way be interpreted to exclude any potential customer or group of customers.

Our assessment area may not and does not reflect illegal discrimination and does not arbitrarily exclude any low or moderate income areas. People who work in or have a business or economic interest in the community are also deemed to be customers regardless of their place of domicile. Atlantic Union Bank will meet its continuing and affirmative obligations to serve the credit needs of the community and to the extent that its efforts to meet the needs are consistent with safe and sound operations.

Atlantic Union Bank will do our best to understand the communities we serve and learn their needs for credit services. Within the applicable resources of the bank, special effort and consideration will be given to responding to the needs of small business, small farms and low to moderate income borrowers to better meet the needs of the entire communities and in turn achieve a positive CRA performance assessment. This policy will not only help Atlantic Union Bank serve the entire community but will build a stronger community and in turn a sounder, more profitable institution.

The Community Reinvestment Act touches all areas of Atlantic Union Bank, with specific focus in retail, lending, operations, funds management and compliance areas of the bank. These areas in conjunction with senior management must take into consideration the stipulations of CRA in ensuring that the following activities meet CRA guidelines:

- Lending
- Retail banking services
- Investments in community development grants
