

Uploaded images for Design Mine must meet these criteria:

File Format: JPG, GIF, PNG, TIFF, or BMP

Image Dimensions: minimum of 480 by 480 pixels

Resolution: minimum of 300 dots-per-inch (DPI) – 600 DPI is recommended for best quality

File Size: cannot exceed 4 megabytes (MB), or 4,000 kilobytes (KB)

General - Use a high quality photo from your digital camera - the better your photo the better your card will look. Low resolution photos, photos that are too small in dimensions, scanned photos, photos that are resized/stretched, and/or very dark or very light photos will not produce a quality card image.

To upload an image, the image file must be located on a storage device that is accessible by the personal computer on which you are viewing the Design Mine Card Designer website.

For any image, you warrant to Atlantic Union Bank that: you are the owner of the image (e.g. it is a photo taken by you) or you have obtained express consent from the image's owner to use the image on your card; and use of the image by Atlantic Union Bank will not infringe any other person's rights, including intellectual property rights, in the image. Atlantic Union Bank may require evidence of the image owner's consent or of your ownership of the image.

An image will be disapproved if it contains any of the following prohibited content. Atlantic Union Bank or its third party supplier(s) have the sole discretion to approve or disapprove an image based on these criteria and its review process. If your image disapproved due to not meeting these Image Guidelines, we will notify you via email and ask you to re-submit a new image for consideration.
